

**PARK TOWERS CONDOMINIUM UNIT OWNERS ASSOCIATION  
ADMINISTRATIVE RESOLUTION NO. 26**

**Purpose and General Conditions**

The Board created the Park Towers (PT) Listserv as a useful and convenient method for communicating within the PT community. As such, the Listserv serves as a communications link:

1. For management to inform residents of water shut off for repairs, the schedule of pest control company visits, and other news that may affect daily living.
2. For the Board to announce Board meeting times and dates, Board decisions, Board meeting minutes, and other announcements as needed.
3. For residents to share helpful or interesting information with other residents, ask for information from other residents, management and the Board - including a forum for discussion of Park Towers issues, sharing of condo activities, greater city activities and such.
  - In the interest of maintaining the Listserv for the good of the PT Community, Listserv participants must express themselves with civility, truthfulness, and without any personal attacks. And should include their name and unit number on posts for identification.
  - Residents requesting admission to the Listserv will be admitted upon agreement to the statements above.
  - Matters of a personal nature are not appropriate on the Listserv, and should be taken up with management, staff or the Board directly.
  - Since resident's use of the Listserv is a privilege, the Board can deny it if residents fail to abide by the policy expressed above.
